

LESSONS OUT OF SCHOOL

CERRITOS SCHOOL GRADUATES EXHORTED BY MOTLEY FLINT TO CULTIVATE AMBITION

A miscellaneous program in which music was a pleasant feature and in which the leading address was made by Motley H. Flint, the banker, entertained the excellent audience which gathered at Union High School Thursday evening to witness the graduation of eighteen pupils from the Cerritos street school. It opened with a salute to the flag and the singing of the "Star-Spangled Banner," in which the audience joined.

Jessie Dutton gave very well indeed, "Vive la France," a poem; Herbert D. Bruck a violin solo, "Dreamy Moon," with Dorothy Danner at the piano; Dorothy Carmack and Jessie Dutton the vocal duet, "When Song Is Sweet," the Pile and Drum Corps gave a selection, and as a closing number the graduating class gave the "Estudiantina" song. Walter B. Sullivan made a four-minute speech on thrift stamps which was highly complimented by Mr. Flint; Principal R. R. Dickerson presented the class to D. J. Hibben, member of the Board of Trustees, who gave them their diplomas and made quite an address, in which he said:

"Education can, as I see it, teach you four things. Some people learn these things in college. Some learn them just by living. Every one of you can learn them just by reading good books. There are some people who never learn them at all.

"First, education will teach you to be self-reliant; it will teach you to pray for yourself. You know the story of the little drummer boy who was wounded in France. His leg was blown off and the surgeon said he might die. The chaplain said: 'My boy, you are about to die. I have come to pray for you.' The boy looked up bravely and answered, 'If it's as bad as that, parson, I will pray for myself. Thank you.' That boy had learned self-reliance.

"Then education will teach you to laugh at the right time. It will teach you to enjoy the right kind of humor. There are so many good funny jokes in this world just waiting to be laughed at that it seems a great pity to laugh at something which isn't funny. There are two kinds of jokes that are never funny. One is a vulgar joke and the other is a joke that makes somebody else uncomfortable. An educated person never laughs at either kind of joke. He only laughs when everybody else can laugh with him.

"Then education will teach you (Continued on Page 2)

A SPLENDID RECORD

In the class that graduated Friday evening from the Intermediate school Miss Elizabeth Sternberg was first in scholarship, having made an average for the year of 99.58, the highest record attained by anyone who has gone out of the Intermediate school. The school and Miss Sternberg both have reason to be proud of this splendid achievement. Miss Mavis McNary was second in the class and Miss Marjorie Yarik third.

FOR OUR GUESTS

CITIZENS PUSHING PLANS FOR COAST ARTILLERY DANCE TUESDAY EVENING

Not wishing to conflict with Miss Pearl Keller's entertainment, scheduled for Monday evening, the committee in charge has decided to change the date of the street dance announced for the officers and men of Co. A and Co. B 55th Ammunition Train C. A. C., to Tuesday evening, June 25th. This arrangement seems most fitting, as it will follow the mammoth Liberty Parade planned for that date, when everyone will be in line at seven p. m. to show their patriotism. Capt. La Mont has been notified of the change and has promised to have the boys on hand in full force on that occasion. In fact, they are looking forward to it with great eagerness and it is up to the citizens of Glendale to see that their expectations are fully realized in the way of a good time. The co-operation of every man, woman and child is needed to the extent of supplying enthusiasm at least. A committee of ladies is busy making arrangements for refreshments and a men's committee has been organized to see to the many other details. Offers of assistance will be welcomed by Mrs. Jack Boettner, Chairman of Executive Committee, and Mrs. Florence Wintersgill, Chairman of Refreshment Committee.

M'BRYDE-MOSHER

POPULAR YOUNG PEOPLE ARE MARRIED FRIDAY EVENING AT CHRISTIAN CHURCH

Before a beautiful bower of greenery and Shasta daisies Miss Helen Mosher, the youngest daughter of Mrs. S. J. Mosher of 319 South Central avenue, became the bride of James F. McBryde, the only son of Mr. and Mrs. N. W. McBryde of 1206 1/2 Broadway, Glendale, Friday evening, June 21, 1918, at the Christian church.

Miss Laura Wilford Brown played a short selection, after which Dr. Geo. E. Mosher of Glendale sang "Oh Promise Me." At the close of the solo the strains of the Lohengrin wedding march filled the air as the bridal party entered. First came the flower girls, the two little nieces, Constance and Mildred Mosher of Pomona, strewn petals before the party. Little Jean Elizabeth followed bearing the ring in a dainty white lily. Miss Dorothy Gilson, a recent graduate of the University of California, acted as bridesmaid. Miss Lois Johnson of Los Angeles assisted as maid of honor. Last came the bride wearing a simple beaded gown of Georgette crepe, escorted by her brother, E. D. Mosher, meeting the groom at the altar, with Dr. Ralph Lusby as best man and Messrs. Morris Caruthers and Wilbur Francy serving as ushers.

During the entire ceremony Miss Brown played Schubert's Serenade very softly. At the close of the service, which was read by Rev. C. A. Cole of the Central Christian Church, the party went to the home of the bride's mother, where an informal reception was tendered the newly weds and their relatives.

Both Mr. and Mrs. McBryde are well known here, the bride having graduated from Glendale Union High School, where she has a host of friends. Mr. McBryde is an attorney in Glendale and Los Angeles, having offices in the Trust and Savings building in Los Angeles.

After a short honeymoon the couple will return to Glendale.

FROM TRENCHES TO BERLIN

Motley Flint, Chairman of the Los Angeles County War Savings Campaign, spoke briefly but patriotically Friday evening to the officers of the Glendale War Savings Campaign in the Third street school auditorium. Mr. Flint is well posted on war activities and is so brim full of patriotism and loyalty to his country that he completely enthused his hearers.

After the honorable gentleman recalled the atrocities of war such as the Germans are waging for the gaining of additional territory and the establishing of an autocratic form of government throughout the world, he gave the United States until 1920 to get good and ready, and then with thousands of tanks, thousands of aeroplanes, battalion after battalion of soldiers, machine guns and all modern war equipment in the most complete form, the Yankees will march forward and capture Berlin.

At the close of Mr. Flint's address, Prof. H. L. Howe, Chairman of the Glendale W. S. S. Campaign, began at once to perfect a more complete organization of committees who are to begin active work early next week.

The names of all committees and the precincts to which they have been allotted will be published in Monday's Evening News.

CHARLES SHROPSHIRE SAVED

Telegraphic dispatches from Washington sent out by the Navy Department report the sinking of the American steamer Schurz on the morning of June 21st off the North Carolina coast as the result of a collision with the American steamer Florida. All on board were saved except a seaman from Honolulu who was killed in the collision. Charles Shropshire, son of Mrs. Mary E. Shropshire of 445 Everett street, who is in the navy, has been on the Schurz for many months and it is a great relief to his family to know that all on board, with the single exception named, were saved. They, of course, have as yet received no word direct from Charles and have no means of knowing the occasion for the collision. The Schurz was one of the interned German ships taken over by the United States, "The Geier," of 1600 tons burden and 225 feet in length.

C. W. Spickerman has received a telegram telling of the illness of Geo. S. Corington of Chicago, who recently, through the agency of Mr. Spickerman, purchased the nice new home on Central avenue. Mr. Corington is one of the most progressive manufacturers and dealers of Christmas and society cards in the country and plans to make his home in Glendale.

FORTIFICATIONS BILL PROVIDES APPROPRIATION OF FIVE BILLIONS FOR GUNS AND MUNITIONS

(Special Service to Glendale Evening News)
WASHINGTON, June 22.—The largest field artillery program in military history is provided for in the fortifications bill reported to the House today. This indicates that the United States believes trench warfare is waning and a war of movements is in prospect. The bill appropriates five and a half billions, five billions of which is for cannon and ammunition. The government is prepared to rush the production of these supplies to the maximum until the first of the year. Until that time Pershing must purchase French guns and ammunition.

(Special Service to Glendale Evening News)

THE CLUB FINALS

THURSDAY CLUB ENJOYS ANNUAL LUNCHEON AND HEARS OFFICIAL REPORTS

Members of the Thursday Afternoon Club were entertained for their annual luncheon and closing meeting at the home of the president, Mrs. Wesley Bullis, on Central avenue and Los Felis boulevard. While the cost of the delicious luncheon was defrayed from club funds, it was prepared by a very capable committee, including Mesdames Hal Davenport, J. Herbert Smith, Edwin Virden, S. E. Brown, T. Gaither, James Wilbur, A. J. Becker, L. E. Richardson, Mary Ayers and Miss Ida Myers, who assisted the hostess in a variety of ways.

The red carnation is the club flower and club colors are green and red, and these featured the floral decorations. Guests were seated at beautifully appointed tables in the dining room and parlors and as all were thoroughly well acquainted, there was a lively chatter and everybody had an exceedingly good time.

Following the luncheon the tables were cleared away, the meeting was called to order by the president and reports of the year's work were given by officers and committee chairmen as follows:

Mrs. Edwin Virden, Recording Secretary, whose report was read by Mrs. L. E. Richardson; Mrs. J. Herbert Smith, Corresponding Secretary and Chairman of Hospitality; Miss Ida Myers, Treasurer and Press Correspondent; Mrs. A. J. Becker, Program Chairman; Mrs. L. E. Richardson, Ways and Means; Mrs. E. V. Bacon, Chairman of Civics and Red Cross; Mrs. Tom Gaither, Chairman of Philanthropy; Mrs. S. E. Brown, Courtesy Committee; Mrs. Mary Ayers, Membership Committee; Dr. Jessie Russell, Chairman of Legislation; Mrs. Ella Richardson, Parliamentarian, and last and most important of all, the President, Mrs. Bullis, who declared it had been an exceedingly pleasant year, and that she had received loyal support from the members of her Executive Board and Committee Chairmen.

Mrs. S. E. Brown, on behalf of the club, presented her with a beautiful bouquet of carnations, voicing the affection in which the club holds her and its appreciation of her efficient and devoted service. She was also the recipient of beautiful flowers from the garden of Mrs. Charles Turk.

Mrs. Ella Richardson spoke with considerable feeling of the service flag presented to her by the club, which will always be enshrined as one of her most treasured possessions.

Dr. Russell spoke of her pleasant associations with members of this, the first club she joined in Glendale, and how responsive she had always found them.

The afternoon closed with an informal discussion of the proposition to unite with the Tuesday Afternoon Club. Mesdames Turk, Russell, Lynch, Smith and others who are members of both organizations, gave assurances of the cordial welcome which would be received from the Tuesday Club. The disposition of Club properties in the event of consolidation was also discussed, especially the piano, and Mrs. Turk was made a committee of one to find a purchaser for it. The session closed with the sentiment practically unanimous for consolidation and with the understanding that a meeting will be held in July for final action.

EXEMPTION BOARD NEWS

The local Exemption Board has received a telegram from Adjutant General Borree at Sacramento asking for a list of registrants remaining in Class 1, both black and white, also of the men in the Limited Service Class, which the chairman believes is a foreshadowing of another call in the near future.

The men who are to be sent to Camp Kearny are being mobilized this morning at Exemption Board headquarters and will be entrained Monday.

Some changes may be made in the personnel of the registrants who are to be sent to Vancouver Barracks for work in getting out spruce timber, on account of a different interpretation of the provisions under which the call was made.

Mrs. Edgar W. Pack's brother, who has been with the Canadian Engineers in France for three years, writes this week that the boys all feel so confident in the success of this war since the U. S. men are with them. He also speaks of the French and says a more noble race of men never fought more valiantly, and adds: "Send me some smokes so I can pass them along to the boys."

HIGH SCHOOL COURSES

CHANGES IN THE REQUIREMENTS SET FORTH AND EXPLAINED BY PROF. MOYSE

Concerning work next year in Glendale Union High School, Professor Moyses explains that there will be no cutting down of the curriculum but it will be somewhat more elastic, which being interpreted means that students will have more freedom of choice although they will be required to take enough of any one subject to count, i. e., they will not be permitted to nibble at a lot of things. The suggestions adopted for new graduation requirements have been set forth thus:

Two majors of three units each, one of which shall be English, two minors of two units each, and six electives, a total of sixteen units. We shall wish to continue our requirement of one unit of U. S. History and Civics, if not included above, also hygiene, if not included in Physiology.

This plan aims for concentration on lines of personal interest, but does not specify certain subjects, i. e., foreign languages, which are often difficult for individual students. It places the burden of meeting University matriculation requirements upon the student, and it will necessitate plenty of teacher advisement.

Military training has also been made a requirement for junior and senior boys.

The announcement of these changes is made now so that when students are outfitting themselves in the fall they can clothe themselves in the less expensive khaki military suits instead of the usual wool clothing. This will serve the double purpose of saving wool for our soldiers, as is requested by the government, and also of conserving the funds in their pocketbooks.

In ordering the Glendale Evening News sent to his address that he may keep in touch with the home people, Sergt. Alvin Sanders writes from Kelly Field as follows:

Dear Mr. Cowan:—We are having some real hot weather now. I came to Kelly Field from San Francisco at the same time Gilbert did. I was in the same line until after he left. Then I was sent to Carnegie Tech at Pittsburgh, Pa., for a five weeks' course in aviation motors. After completing the course I was sent back here as an instructor in the large aviation motor school here.

Sergt. Sanders' address is 869th Aero Squadron, Kelly Field No. 1, S. Antonio, Texas.

By courtesy of the Evening News I send the following message to the families and friends of all Glendale boys in khaki, those who are now in France and those who are going: "Dear Friends:

"We shall be pleased to give full details and show photos of 'Pasadena' to any one interested and hope soon to have a list of names to send to Miss Penn. Write to your soldier laddie today and tell him that a little bit of Glendale is waiting to give him a warm welcome in old England. The address is Miss Penn, 'Pasadena,' Five Ashes, Sussex, England.

GLENDALE, CALIFORNIA, SATURDAY, JUNE 22, 1918

LA CANADA

Division headquarters at San Francisco asks that gauze work in all chapters and branches of the American Red Cross be discontinued for a short period. This will give the Government time to arrange the details of the taking over of the factories which manufacture these materials. The price of gauze has been steadily climbing, caused by competition. By the cessation of purchase and use for a limited time by Red Cross, the transfer will be facilitated. The gauze work at La Canada will be taken up again after two weeks according to Mrs. H. L. Cooper, who has charge of this work. Those who wish can transfer their aid to the sewing room in charge of Mrs. Robert Lee.

Tuesday was a pretty hot day for work at Red Cross. Mr. Stultz's store, one of the cool spots in La Canada, registered 105 degrees last Sunday.

Mrs. Robert Lea has recently taken to Pasadena work she has been doing for the French and Belgian Relief, consisting of garments made from material donated by Mrs. Granger and Mrs. Slutman, and three baby blankets made from strips left after cutting hospital bed shirts. As it required 15 strips to make a blanket, some work was entailed, and this must be credited to Pearl Slutman, Annie and Mary Leoni, Mabel Marks, Violet Hall, Emily Moses, Lois Griffin, Opal and Alta Lea. Each strip was worked with a fancy stitch and the blankets presented quite an attractive appearance when completed. Relief headquarters much appreciated them.

Miss Henrietta Horne will be school principal next year. Miss Lulu Green will be the other teacher. It is hoped that music and drawing will be added to the curriculum, as Miss Horne and Miss Green are fully qualified to teach both branches.

Mrs. E. A. Brigham, who went to Santa Monica the first of June, is enjoying her stay at the beach very much and has been doing Red Cross work there.

The Maynards and the Searights have a cottage at Manhattan Beach for the month of August.

Dr. and Mrs. Scott go right soon to Pacific Grove, near Monterey, for a needed change. They visit a sister of Dr. Scott's.

The Rev. Mr. Hitchcock, of Neighborhood Church, Pasadena, preached Sunday last a discourse that was decidedly enjoyed by his listeners. Mrs. Holden sang beautifully a solo number.

The graduating class of the La Canada grammar class announced their exercises in a very pretty gotten up program Friday, June 14. Vocal and instrumental music and a play styled "White Magic" were much enjoyed by admiring friends and families. The presentation of diplomas was made by J. W. Seright, the president of the board of trustees.

Surveyors were busy on Mountain avenue west of La Canada boulevard on Monday last, laying out an adjacent road.

Dol Williams is recovering from his operation very rapidly.

At the regular monthly meeting of the school trustees much routine business was transacted. This is a good time for those interested to thank Mr. Smith, who has just completed three years of faithful service as trustee, which carries with it no remuneration in the way of money for his efforts in behalf of the community.

Miss Lulu Lanterman sang at the Red Cross Tea Shop at Eighth and Alvarado last week.

Burr avenue will be improved in accordance with the line established by the road department, was the decision of the Board of Supervisors on Monday. The road, one half mile in length, will have \$5,000 spent upon it. Two prominent merchants were among those who took the matter up with the Board on Monday, one for and one against the measure.

Mrs. Witham is in Glendale Sanitarium for a week's rest.

At the last meeting of La Canada Thursday Club a donation of \$10 was voted to be given to Red Cross.

Mr. Forrester left Tuesday morning for a trip east, Kansas being the ultimate point.

Mrs. Harmon of Burr avenue was coming up from Montrose on Saturday when her dog, which was on a chain, made a leap to get out. Mrs. Harmon tried to snatch the chain and pull him back, loosed her hold on the steering wheel, and the car promptly zigzagged and upset, imprisoning Mrs. Harmon under the car. When rescued from the wreck by some movie people who came along, Mrs. Harmon

was found to be practically unhurt. A smashed windshield, bent fenders and a broken top was the damage done to the car.

Another automobile accident which by only the merest chance was not severe, took place near the Flintridge Garage. The car, containing five ladies, ran into the fence after a breakdown of the steering apparatus which was faulty when they started out. The driver was from Los Angeles.

Tennis circles are proud to be represented in the navy by Maurice E. McLoughlin, "the Comet," who is serving aboard the battleship Oregon. Two or three weeks ago he married a girl from Pasadena. He has further distinguished himself by passing exams, and has been made ensign.

At Bolton Hall in Tujunga one night last week were gathered about 150 people to discuss the water situation and allied subjects. La Canada was represented by five citizens, A. G. Williams, who carried with him Wm. R. Jewett, H. L. Hayman, A. S. Vandegriff and W. G. McMullin. From Los Angeles were present six representatives of the water department. Much discussion took place, especially by Tujunga people, who are immediately and vitally interested. There seems to be a decided change in heart since the last public discussion. Annexation to Los Angeles is now in favor. Though much can be said against the idea, the water question would seem to be met more satisfactorily and at a less expense than by any other solution. The territory annexed would be a shoestring territory commencing the other side of Sunland, embracing it, Tujunga, La Crescenta and La Canada and as far as the Arroyo. Mr. Mulholland was present at the meeting and when questioned as to purity of the water under discussion, made reply, "There isn't a 'tummy-ache' in a barrelful." He ought to know. Thursday, June 20, a town meeting is called where all will have a chance to discuss this momentous question in all its phases. Members of the water department from Los Angeles will be present.

W. T. Selleck is home for a few days from Imperial Valley, where he has been hard at work on his new agricultural problems. He is very enthusiastic. Neither heat nor work so far have succeeded in blunting his fine ardor.

At the Farm Bureau meeting last Thursday, two speakers were present, Director Coit and Mr. Hodgson, who earlier in the day had been giving a pruning demonstration at Hanson Heights.

Mr. and Mrs. McMullin are made happy by a short visit from their son, who is located in San Francisco.

Did you see this Christmas greeting that Elsie von Hindenburg composed and sent to the friends of German Democracy of New York, which was published in one of our papers? Christ Jesus gave his life for me, From every debt I am now free; He has procured His Father's favor And has become my gracious Saviour. He to the bayonet thrust gives vigor, The joy to aim to pull the trigger. My aid is Jesus, that I know— On to the foe, on to the foe.

Miss Lulu Green is in Los Angeles enjoying a visit with her brother Webb's new baby.

Mrs. Harry Connor is making a short stay with her parents, Mr. and Mrs. D. J. Green.

The John Slutmans have moved into their former home.

The regular meeting of the La Canada Thursday Club was held on Thursday afternoon, June 13th, at the home of Mrs. Pate on Palm drive. Plans were drawn up for next year's program, which promises to be a delightful one, and the annual election of the Club's officers took place. The election resulted as follows: President, Mrs. Wesley T. Selleck; Vice-President, Mrs. Charles Pate; Secretary, Mrs. Harry Horn; Corresponding Secretary, Mrs. Jay Schiffelin. Arrangements were made for the annual picnic to be held at the home of Mrs. Holden of Haskell street at 7 p. m. some time in July. Refreshments were served by the hostess at the close of the meeting and a social hour followed. Those present included Mesdames Green, Metcalfe, Horne, Brooks, Waterman, McDonald, Seright, Selleck, Nyby, Stultz, Holden, Schieffelin, Maynard, two out-of-town guests and the hostess, Mrs. Pate.

La Canada voted a vacation period at this time for the pastor, Dr. D. B. Scott, that he may recuperate after his recent illness.

The following resolutions, presented to Dr. Scott, speak for themselves:

Whereas, Dr. D. B. Scott has served the La Canada Congregational Church faithfully as its pastor for a period of five years, being ever

watchful and energetic in his work for the general good and uplift in the community, giving fully of his strength, comforting us in our sorrows, rejoicing in our successes, gentle in his admonitions, firm in his convictions, forgetful of self and ever true to his covenant with God, and

Whereas, Dr. Scott has tendered his resignation to the members of the congregation after long and serious deliberation, in a message laden with love for each and every one of us, and

Whereas, he has refused to reconsider and withdraw this resignation after earnest solicitation, be it

Resolved, that this resignation be accepted with deepest regrets and that Dr. D. B. Scott be tendered the office of Pastor Emeritus of the La Canada Congregational Church as a slight token of our respect and esteem for his work for and with us, and that the Board of Trustees be hereby authorized to confer with Dr. Scott and make full arrangements with him for future remuneration and services to be held in our church, and be it further

Resolved, that we as a church take this occasion to express our great appreciation for the benefits received from the work and services of Dr. Scott, and our faith and confidence in our welfare for the future under his guidance; and be it further

Resolved, that a copy of these resolutions be presented to Dr. Scott with our prayers for his future strength, and a second copy be entered on the records of this church.

Personals

Ezra F. Parker has been confined
to his home for several days from
the effects of poison oak on his
hands.

Among those who enjoyed the con-
cert given by the Elks' Club last
Tuesday evening were Mrs. Pack,
Mrs. Ryan, Mrs. Campbell and Miss
McIntyre.

H. L. Miller is driving a new
Dodge Bros. touring car, he having
traded his old Dodge in on the new
one. Who says the real estate busi-
ness is not prosperous?

Mrs. Blake Franklin, Mrs. Julia
Franklin Head, their cousin, Mrs.
Pearl Russell of Houston, Texas,
Mrs. S. H. Everts attended the Fri-
day Morning Club this week.

Messrs. A. B. Coon and wife, of
123 Orange street, leave today for a
two weeks' outing at Balboa Beach,
which they consider the most delight-
ful ocean resort near Los Angeles.

Miss Bessie Ross, daughter of Mr.
and Mrs. W. F. Ross, who has been
a student at the State Normal
School, was graduated this week with
a class of 255. She plans to spend
most of the summer in Glendale.

The Epworth League of the First
Methodist Church has invited the
Coast Artillery boys now at the Rifle
Range to a six o'clock luncheon Sun-
day evening and to remain for the
organ recital which will precede the
evening service. Captain Lamont
graciously accepted the invitation for
the boys and stated he would advise
Mr. Snudden how many would be
able to attend.

Friends of Lieutenant Henry
Webb, stationed at the Aviation
Field at San Diego, report that he
and his wife and baby have estab-
lished themselves very happily at
Coronado for the summer. Mrs. Webb
is delighted with the situation and
the climate and glad to be so near
the field, where she can hear the hum
of the planes all day. The Lieuten-
ant has been made Assistant Com-
mander of the aviation field.

SCHOOL FAREWELLS

While there was excitement and
hurry at Union High Friday after-
noon, the last day of school, the
good-byes made it a little forlorn,
too. Some of the teachers who have
families and homes established in
Glendale will be with us during the
summer, but the majority of the un-
attached members of the faculty are
scattering for other work or for rest
and change. Miss Terry, head of the
Dramatic Department, goes to her sister
in Los Angeles and later may go
back to her Wisconsin home for a
few days.

Mrs. Bement, head of the Sewing
Department, plans to spend the sum-
mer in Los Angeles specializing on
Red Cross work.

Miss Knepper, of the English De-
partment, goes to Boise, Idaho, and
her chum Miss Darcy to her home in
Santa Ana.

Prof. P. R. Davis and Mrs. Davis
will remain in Glendale for the sum-
mer while he is attending summer
school at U. S. C.

Miss Ethel Flood, Dean of High
School girls, and head of the Voca-
tional Department, will be in Glen-
dale for a few days longer and will
then go to her home in Pomona.

Mrs. Dora Gibson, head of the Mu-
sic Department, goes to San Diego
to spend the summer where she will
be near her son, who is at Camp
Kearny.

PATRIOTIC PROGRES

Miss Dorothy Shindler and Miss
Gwendoline Brooks, who are to ap-
pear at the Glendale Masonic Hall
Saturday evening, June 27, in an ex-
cellent patriotic program, are well-
known artists in California. Both
have been seen often in beautiful
programs of their own arrangement
at the Hotel Maryland in Pasadena
and at the Hotel Del Coronado at San
Diego.

Miss Brooks has produced a num-
ber of affairs in the Central Park in
Los Angeles, while Miss Shindler has
also numerous talents, having de-
signed and built the beautiful Strat-
ford outdoor theatre at Del Mar,
where many notable productions
have been staged. She also has
grown a Nature theatre of her own
in San Diego, where she recently pro-
duced with great success Maeter-
linck's "Blue Bird."

The reason for their appearance in
their present program is because they
love and want all to love our own
United States. Admission, 25, 35
and 50 cents.

The Burbank-Glendale Center of
the Los Angeles County Farm Bureau
will hold the regular June meeting
Monday evening, June 24th, at 8:00
o'clock, at the High School, Burbank.
Farm Advisor Hodgson will be
present to speak on "Plant Diseases,
Their Causes and Control."

"Organization of Woman's Home
Department," by Mrs. Jessica Haz-
zard.

L. B. DOAN, Director.

Unselfishness!

How much is contained in
that word!

The glorious part of our en-
try into the war is described by
the phrase "for the World."

The declaration of war by our
great President will go down in
history, I believe, as the most
wonderful document of all time
because in it he states we have
laid our ALL on the altar of
sacrifice, not to secure anything
material for ourselves, but for
the protection, right to life and
eternal peace of the oppressed
and downtrodden of all nations.

Such a declaration, for such
a principle, thrills the heart of
every true man.

Not because I am a life-un-
derwriter, but because it is true,
does not this same principle of
love of others reside in every
individual who secures a policy
of life-insurance to protect his
dependents against the wolves
of greed, want and poverty?
This principle of unselfishness
is the most beautiful thing in
life. Let us try to cultivate it.

LITERARY SECTION PICNIC

The closing day of the Literary
Section of the Tuesday Afternoon
Club was celebrated by a picnic at
Eagle Rock Park. At 10:30 the
members and guests of the section
met at the P. E. depot, where the
transportation committee had cars of
carry the merry party to the park.
Under the spreading oaks the lunch-
eon was spread and the committee
in charge of this luncheon certainly
deserve credit for the generous, ap-
petizing viands that were so much
enjoyed, for each one had a picnic
appetite and the delicious coffee, too,
was in demand. After the happy
after-dinner speeches were made, the
party was free to wander at will
about the park. Some found enjoy-
ment in botanical lines, others
climbed like heroes to the top of the
rock and others keenly enjoyed a
ride on the merry-go-round. Yes,
these literary people, who had put in
a year's arduous study along many
elevating lines, were out for a happy
time and they surely were carefree
and happy as the hours sped rapidly
by.

When it was time to reassemble
for the homeward trip, each one
voted the day a great success, with
pleasant anticipations for another
year's work for the Literary Section.

APPRECIATION

Mrs. C. H. Thompson, who has
charge of the fumigating of clothing
brought in by the Salvage Depart-
ment of the Junior Red Cross, which
passes through the hands of the Con-
servation Committee, wishes to ex-
press to the community her appre-
ciation of the character and quality
of the clothing which is reaching her
now. It is so much cleaner and in
so much better condition than were
the early collections. On this ac-
count the labor and discomfort of the
Conservation workers is greatly re-
duced and shipments can go forward
faster by reason of the reduction in
the repair work needed.

WATER TROUBLES IN SAN FER- NANDO

"When you go to draw water out
of a faucet and it 'sucks in' air in-
stead and threatens to swoop up the
water you already have in your buck-
et, it is a poor kind of a water sys-
tem," says the San Fernando Valley
Press, which continues:

"That, at least, was the opinion ex-
pressed by L. C. Parmele at the meet-
ing of the city trustees, and if the
situation were not so serious the ex-
periences narrated by Mr. Parmele
and others would have been laugh-
able.

"Mr. Parmele was there to protest
against the service by the Maclay
Rancho Water Co. and there were
also others.

"M. O. Nelson, who runs a dairy on
Eighth street, said that he was with-

out water at all at times—and this
was mighty hard on a man selling
milk—even if he did not need it to
dilute his product.

"As a matter of fact he had had to
send his milk out without cooling be-
cause of a lack of water on numerous
occasions.

"F. N. Hubbard, in the same vicin-
ity, testified to the sad fate of a bee
which was hovering around a faucet
in his yard when the same was
opened with the hope of getting wa-
ter. The unfortunate insect, coming
too near the faucet, was sucked in
and on down the pipe.

"He also had been without do-
mestic water many times.

"S. G. Chamberlin, city engineer,
who is so unfortunate as to live in
Los Angeles city, although most of
his property extends into San Fer-
nando, told of his repeated difficulty
in getting water. He is served by the
same system.

"These experiences and others were
related at the request of the board,
which had asked some of those hav-
ing had difficulty with the water
service to come and state their trou-
bles.

"Armed with these facts and many
others that had come to their knowl-
edge, Mayor M. D. Olney, Trustee H.
C. Harding, City Engineer Chamber-
lin, City Clerk H. C. Caldwell and
Attorney H. A. Decker and E. L. De
Remer went to Los Angeles Tuesday
and had an extended interview with
the representatives of the Maclay
Rancho Water Co., with the result
that probably some betterments will
be made or other satisfactory ar-
rangements entered into.

"Mrs. May Rindge, principia own-
er, and F. B. Scotten, secretary, re-
presented the Maclay Rancho and both
expressed themselves as willing to do
all they could to help the situation
out, but also stated that it was diffi-
cult to finance any operations at all
at present."

SUNDAY CONCERT

Program to be rendered by Prof.
Geo. B. Miller in the "Little Church
of the Flowers," Forest Lawn Ceme-
tery, Sunday, June 23rd, 1918, from
3 to 5 p. m.

March—Barnard.

We want no slackers on the side-
walk Tuesday evening, June 25th.
We want every patriot, big and lit-
tle, in the marching lines of the
democratic Liberty Parade. If you
won't march, stay at home.

LESSONS OUT OF SCHOOL

(Continued from Page 1)
another thing. This I want you to
remember. It will give you mental
hospitality. Remember that: Men-
tal Hospitality. I mean it will teach
you to invite new ideas into your
mind and make them welcome. It
will teach you to have patience with
other people's opinions. The unedu-
cated man can not see two sides to
a question. He can only see one side
as we can only see one side to the
moon, and that side is always his
side. Mental Hospitality will teach
you to like a Democrat and like to
hear him talk, even if you are a Re-
publican. You will occasionally visit
another church besides your own.

"One thing more, education will
teach you to love your country. It
has already done that. It will teach
you to do the thing you are afraid to
do. It will give you courage.

"There are no greater heroes that
I know.

Than those who are afraid to go,
but go."

"There is one reason why I am
sorry that school is out. You have
done so much to help win the war
this last year and we shall miss you.
You have carried messages home,
you have helped with your Red
Cross, you are buying Thrift Stamps.
Do not forget to do these things this
summer.

"There was a little Canadian boy
fourteen years old. He had four
brothers in the war. He wanted to
enlist. He went to the recruiting of-
fice. The officer said he was too
young. Then he said, 'Sir, is there
any one higher than you?' Then
he went to the next officer. He told
him the same thing. Finally he went
to the Major. The Major said, 'My
boy, I like your pluck, but you are
too young.' The boy said, 'Sir, is
there any one above you.' The Ma-
jor said, 'No one that can enlist you.'
Then the boy backed slowly to the
door. There he hesitated a minute
and then said, 'Well, sir, if the Ger-
mans beat us don't come home and
blame me.' Now every one of you
girls and boys wants to be in just
that position, the position to look
your country in the face and say,
'Well, if the Germans beat us you
can't blame me.' If you do that the
Germans can never beat us. I am
proud for that reason to present these
diplomas."

Mr. Flint's talk was most enthu-
siastic and patriotic. It made an ex-
cellent impression on the audience,
which was a goodly company in spite
of the counter attraction of Union
High Commencement at the Metho-
dist church. His theme was "Ambi-
tion," on which he spoke at consid-
erable length, and he told several im-
portant facts in his own life, for in-
stance, that he ran away from home
when 13 1/2 years of age and never

went back; that he dropped school
in the middle of his High School
course and had no scholastic training
after that. He had a chance to go
to college but did not take advantage
of it. Speaking of the war he said
it would not make so much difference
to him or to the men and women of
his generation whether the Kaiser
won or lost, but it would make a
great difference to the children and
to the generations who would come
after them, and for their sakes he
was doing everything possible to
bring victory to the Allies.
He referred to his work as Chair-

man of the Thrift Stamp Campaign
for Los Angeles county and said it
was "some job," and mentioned the
fact that the \$2,000,000,000 to be
raised in this way would be enough
to provide the needed ships and take
supplies to the army. He was a mag-
netic speaker and greatly pleased his
hearers.

The stage had been beautifully
decorated by the mothers of gradu-
ates and the girls looked very sweet
in their white middy suits. The na-
tional colors, which all the class
wore, added a pretty brightening
touch.

AGAINST CONSOLIDATING TOWNSHIPS

Again there is a movement on foot to consolidate some of the townships of Los Angeles county and to abolish several of the offices of justice of the peace and constable.

The grand jury has made a recommendation, it is stated, that a number of the townships be combined with other townships, thereby reducing the number of officials and cost to the county.

As there has been a previous effort to consolidate San Fernando township with Los Angeles, the board of trustees on Monday night ordered the city attorney to prepare a resolution protesting against any such action.

It is held that it would increase the cost of proceedings in justice court greatly if every San Fernando citizen who wanted to take any court action had to go to Los Angeles and a constable come out from that place to serve papers. The difference in serving one paper would be about five dollars—in mileage—it is said.

San Fernando city comprises all of San Fernando township. Those persons living on the borders of this city but in Los Angeles must go to Los Angeles for any court proceedings in the justice court now. To consolidate San Fernando with Los Angeles township would mean that all the citizens of this city would be put to the same inconvenience.

What should be done to relieve the residents of the valley is to station a justice here—possibly at San Fernando—for the valley. This would result in an immense saving to every resident of the annexed section. There is not even a police judge in the valley to take care of criminal complaints, and it is possible that the plan is to consolidate San Fernando township with Los Angeles and then place one of the Los Angeles justices in this section to serve San Fernando and the valley as well.

But this is hardly probable in view of the fact that the city—the former city—of San Pedro, now a part of Los Angeles, and with twelve or fifteen thousand inhabitants—has not had a justice there regularly since annexed—or did not have some months ago, at least. So the sparsely settled up San Fernando valley could hardly hope to have a \$250-a-month judge for its exclusive use, even including the city of San Fernando.—San Fernando Valley Press.
